

Doon Library & Research Centre

Annual Report 2009-10

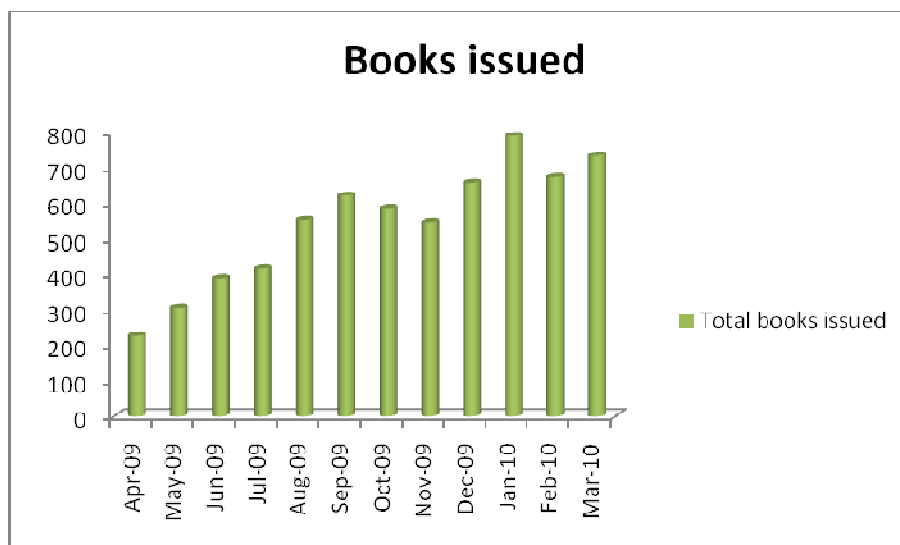

1. Library

The end of the year 2009-10 marked the completion of the third full year of the operations of the Doon Library & Research Centre. The library, we are now happy to report, has established itself as an important resource for the people of Dehradun. This is evident from the steady increase in membership from 223 at the end of 2008-09 to 538 at the end of the current year. There has also been a corresponding increase in the footfalls in the library. All through the day there is a stream of members and readers visiting the library. Both the reading rooms: the outside one for newspapers and magazines and the inside one for books and journals are fully occupied throughout the day. We have also been augmenting the facilities available to our users. Responding to the demand of some members the library hours have been extended till 6.00 PM for issue and return of books with effect from January 1, 2010. While the reading room for newspapers continues to be open from 8.00 AM to 8.00 PM, the inside one for books and journals is now open till 6.00 PM instead of 5.00 PM as in the past. Acquisition of books continued with the same pace as in the previous years. At the end of the year we had a total collection of 11,600 volumes as compared to 7,709 at the end of the previous financial year. Thus 3,891 books were added during the year, as compared to 3,324 during the previous year.

The increasing popularity of the library is reflected in the month-wise data on new members and the number of books borrowed:

Month	No. of new members	Total books issued
April 2009	11	227
May 2009	23	306
June 2009	32	388
July 2009	31	417
August 2009	29	553
September 2009	28	622
October 2009	29	586
November 2009	21	546
December 2009	26	658
January 2010	27	790
February 2010	34	673
March 2010	24	735
Total	315n	6,199

Apart from stocking books and subscribing to journals, periodicals and newspapers for the benefit of its members and readers, the Doon Library & Research Centre has over the past three years also developed as a centre for related activities like talks on subjects of contemporary and topical significance by local experts, panel discussions, presentations, seminars etc. so that we may provide a forum for informed discussion and exchange of ideas to the citizens of Dehradun. This is being done in order to make the library a living

institution in regular contact and dialogue with its members and the general public. We have also been publishing a bilingual (Hindi and English) newsletter *Himadri* to disseminate information about the library and its various activities among members and the general public. During the year issues of *Himadri* were published. The various activities organised by us during the year were are listed below:
